

# CURRICULUM VITAE

Erica L. Gollub  
France

**Birthdate 26 July 1956**

## EDUCATION

Columbia University	Dr.P.H.	1991	Epidemiology
Columbia University	M.P.H.	1982	Population/Family Health
Stanford University	B.S.	1979	Biology

## EMPLOYMENT EXPERIENCE

9/05-9/07 Visiting Professor of Epidemiology, University of Bordeaux II, Institut pour Epidemiologie, Santé Publique et Développement, Bordeaux, France. Member of INSERM U 593 team « HIV, co-morbidities and additions » (G. Chêne); contributor to EAPN NoE proposal (European HIV/AIDS Prevention Network). Member of writing team for EUROTOXO Scientific Secretariat Group, on Prevention and Screening Issues (Panel 3).

9/04-9/05 HIV/AIDS and reproductive health consultant, Bordeaux, France.

10/98-9/04 Research Assistant Professor of Epidemiology in Psychiatry, Penn/VA Center for Studies on Addiction, Treatment Research Center, University of Pennsylvania, Philadelphia, PA. *Note: Extended maternity leave and reduction of full-time status due to birth of twins, 1/02-9/04.*

1/98-5/98 Grantee, Award for Accomplished Foreign Researchers, Minister of National Education, Research and Technology, Paris, France. Research affiliation with INSERM U379, Marseille, France.

11/97 -10/98 Consultant, Regional Office of the Inspector General for Health (DDASS). Preparation and oversight, training, establishment and evaluation of a region-wide prevention intervention among women at risk for HIV infection. Consultant, Human Reproduction Program, World Health Organization.

11/97- 11/98 Research Fellowship Award, ANRS, Paris, France (Agence Nationale pour la Recherche dans le SIDA).

2/97-12/97 Fulbright Scholar. Research in women and HIV prevention in conjunction with the Observatoire Regional de la Santé and INSERM U-379, Marseille, France.

7/94-9/98 Director, Epidemiology Unit, AIDS Activities Coordinating Office, Philadelphia Department of Public Health, Phila, PA. Director of AIDS Surveillance and HIV/AIDS epidemiology and prevention research activities.

E. Gollub, DrPH  
p-2

- 7/94-12/96 Principal Investigator « Philadelphia Comparative Trials of Women's STD Prevention Methods » (CDC Cooperative Agreement).
- 9/94-9/97 Adjunct Assistant Professor of Clinical Public Health, Columbia University School of Public Health, Division of Epidemiology
- 9/93-2/94 Research Fellow, HIV Center for Clinical and Behavioral Studies, New York State Psychiatric Institute, New York, New York. Research in HIV/AIDS prevention for women; design and development of intervention studies.
- 4/85-6/93 Founder, *Womancap*, New York, New York. Clinical contraceptive specialist, regulatory agency lobbying, physician training program.
- 7/83-6/85 Consultant, United Nations Department of International, Economic and Social Affairs, New York, NY.
- 1/82-6/83 Instructor, State University of New York, School of Optometry, Division of Biochemistry, New York City.
- 9/80-12/81 Research Technician, City of Hope National Medical Center, Duarte, California.

Health Commissioner's HIV Perinatal Transmission Advisory Committee. Philadelphia, PA 1995.

National Institute of Child Health and Human Development. Concept Clearance Committee, Contraceptive and Reproductive Evaluation Branch. Washington, DC, 1995.

Population Council International Women's Health Advocates Group on Microbicide Development. Washington, DC, 1994.

W.H.O. Interagency Working Group on Microbicides. Washington, DC, 1994.

Reproductive Health Technologies Project and Microbicides Advocacy Project . San Francisco, CA, 1993 and ongoing.

#### **SELECTED AWARDED GRANTS** (past 10 years)

**Principal Investigator**, Empowering Women Drug Users to Reduce HIV Risk . 6/01-5/04. National Institutes for Drug Abuse (NIDA). \$1 565 000. *Randomized controlled study to evaluate the impact of a behavioral intervention among active drug-using women.* University of Pennsylvania, Philadelphia, Pennsylvania, USA.

**Co-investigator**, HIV Prevention Trial Unit (Metzger, D, Principal Investigator). 7/00-6/05. National Institutes for Allergy and Infectious Diseases (NIAID). \$630 915. *Develop research proposals and conduct pilot research towards identifying promising interventions for HIV risk reduction among women.* University of Pennsylvania, Philadelphia, Pennsylvania, USA.

**Co-Investigator** , Gender, Conversational Networks and Dealing with STD's . (Watkins, S. Principal Investigator) . 9/01-8/06. National Institutes for Child Health and Human Development (NICHD). \$294 281. *This study conducted demographic data collection among rural Malawians to understand how social networks related to HIV/STD behavioral risk reduction. Role :Develop and oversee STD counseling and testing substudy.* University of Pennsylvania, Philadelphia, Pennsylvania, USA.

E. Gollub, DrPH  
p-10

**Co-Investigator**, HIV Sexual Risk Reduction for Black Drug -Using Women. (Jemmott, L. Principal Investigator). 10/01-8/06. National Institute for Mental Health (NIMH). \$699 368.

*Study tested a series of interventions for black women drug users in a detox center. Role: Consult and collaborate on the integration of counseling on women-controlled methods such as the female condom, and body empowerment elements. University of Pennsylvania, Philadelphia, Pennsylvania, USA.*

**Co-Investigator**, HIV/STD Risk Reduction for African American Couples (Jemmott, J, Principal Investigator). 4/02-1/06. National Institute for Mental Health (NIMH). *Study tested a novel intervention among black couples. \$685,234. Role: Consult and collaborate on the integration of counseling on women-controlled methods such as the female condom, and body empowerment elements. University of Pennsylvania, Philadelphia, Pennsylvania, USA.*

**Principal Investigator**. Women-FIT (Women Fighting Infection Together). HIV Vaccine Preparedness Study and Phase III Efficacy Trials (HIVNET 029). National Institutes for Allergy and Infectious Diseases (NIAID). 9/98-5/01. \$678,000. *A randomized controlled pilot study to evaluate the feasibility of testing a behavioral intervention among drug-involved women in three cities. University of Pennsylvania, Philadelphia, Pennsylvania, USA.*

**Principal Investigator**, Philadelphia Women's Health Sister Studies. Centers for Disease Control (CDC). 1994-97. \$565 000. *Random ized controlled study to evaluate the impact of a behavioral intervention among clients of a free city STD clinic. City of Philadelphia, Department of Public Health, Philadelphia, Pennsylvania, USA.*

## **CURRENT GRANTS SUBMITTED**

Acceptability of a Novel HIV/STD Prevention Device Among Drug-Using Women. National Institutes of Drug Abuse. E Gollub, **Principal Investigator**. \$350 000. January 2006. University of Bordeaux II, Bordeaux, France. *Pilot acceptability trial of a contraceptive device for HIV/STD prevention among drug-using women.*

## **LANGUAGE PROFICIENCY**

American English : native tongue  
French: speaking, reading, writing  
Spanish: reading

## **PERSONAL**

Married, with two children (ages 4, 4)
